King's Ranch

Website Introduction

King's landing, the capital of the Seven Kingdoms, right by the sea, home to hundreds of thousands, and housing the Guildhall of Alchemists. In this gigantic city there exists a large Horse Dealership called King's Ranch serving it's customers for generations and generations to come. With new technology arising King's ranch needed a way to keep up with it's competitors giving customers the satisfaction they deserved. Henceforth they came to me looking for a website supporting both the small screens of some of these new devices as well as the large screens that were common before.

This website will essentially allow customers to see have a look at the type of horses available at King's Ranch, book testing as well as riding sessions, help customers find the type of horse they are looking for, as well as allow customers to buy or lease a horse. This responsive website will allow access through multiple kinds of devices without the user missing anything on the website in the process.

With our fresh new website design and multiple awards customers will definitely be coming to find the horse for them! Having been in business for the past 200 years we know that King's Ranch knows what they're doing. With wonderful staff like the ones at King's Ranch, multiple awards for their horses, and a fresh new website King's Ranch will find the horse for you!
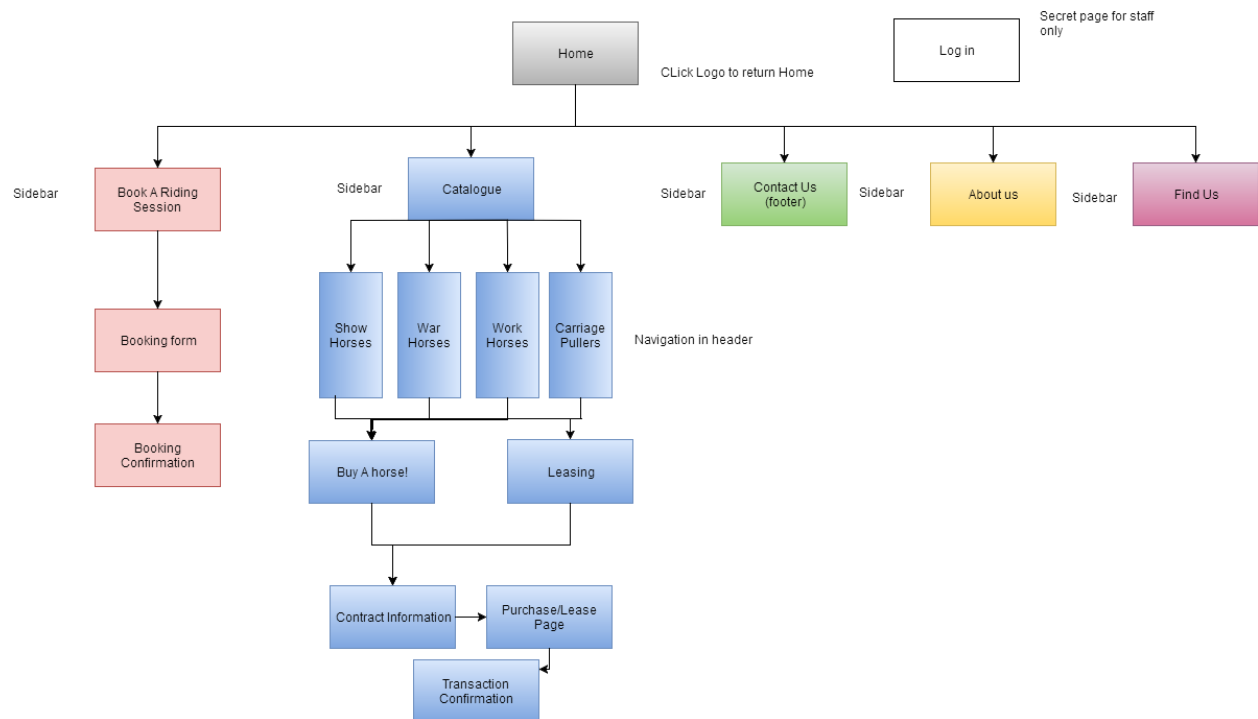

Introduction

Welcome to kingsranch.com, the capital's most trusted website for selling and buying horses. No matter when you need the horse, where you need the horse we will find you without a problem. Not sure about what kind of horse to get don't worry we have the horse for you! whether you're an adventurer, peddler,a traveling merchant, or even the king!

Founded 200 years ago and being passed through from generation to generation King's ranch promises you the best service as well as the best horses in the city. Located just outside the Red Keep we and serving the nobility for generations is there even any doubt about who to call when you're in need for a horse?

Throughout the past two centuries we've started doing some research into horse breeding and have bred the best race horses, jousting horses and even the best cuddling horses. We hold the title of King's horses, the jousty pony award, the racing devil award ,and have gotten first place for the best horse cuddles 20 years in a row!
